

Webinar – *We’re Going to Need a Bigger Boat*

Dear Clients & Friends

Recent days have seen tectonic movements in global equity markets precipitated by an equally tectonic shock to global trade via the implementation of blanket tariffs by the United States. In the most cautionary [commentary](#) he has written since 2008, Angeles CIO Michael Rosen examines these trade policies and their impact on the economy, consumers, and wealth. Please join Michael this Friday April 11, 2025, as he delves into what is transpiring in real-time and provides a glimpse of what may lie ahead.
